Statement on Data Usage:

No individual resort's statistics will be shown to any other participating resort. It will only be combined with others to create averages and, if shown, will be coded by number or letter so only the specific resort will know which data point refers to their data.

The data, information and illustrations collected through the interview process will be used for producing the Best Practices study and may also be used for some follow-up industry articles and /or reports related to the same topic by the same author. Anything used from the Best Practices study will be referenced to be part of the HSMIAI Resort Best Practices Initiative. Information or images published that refer to a specific resort will be shown to a designated representative from the property for approval prior to publication in the Best Practices report. Except as described above, it will not be used or shared with any other organization for any other purpose.

I have read and understand the Statement on Data Usage and I agree to the terms outlined in this registration form.
